# CONTROLPADS

# CONTROL WITHIN REACH

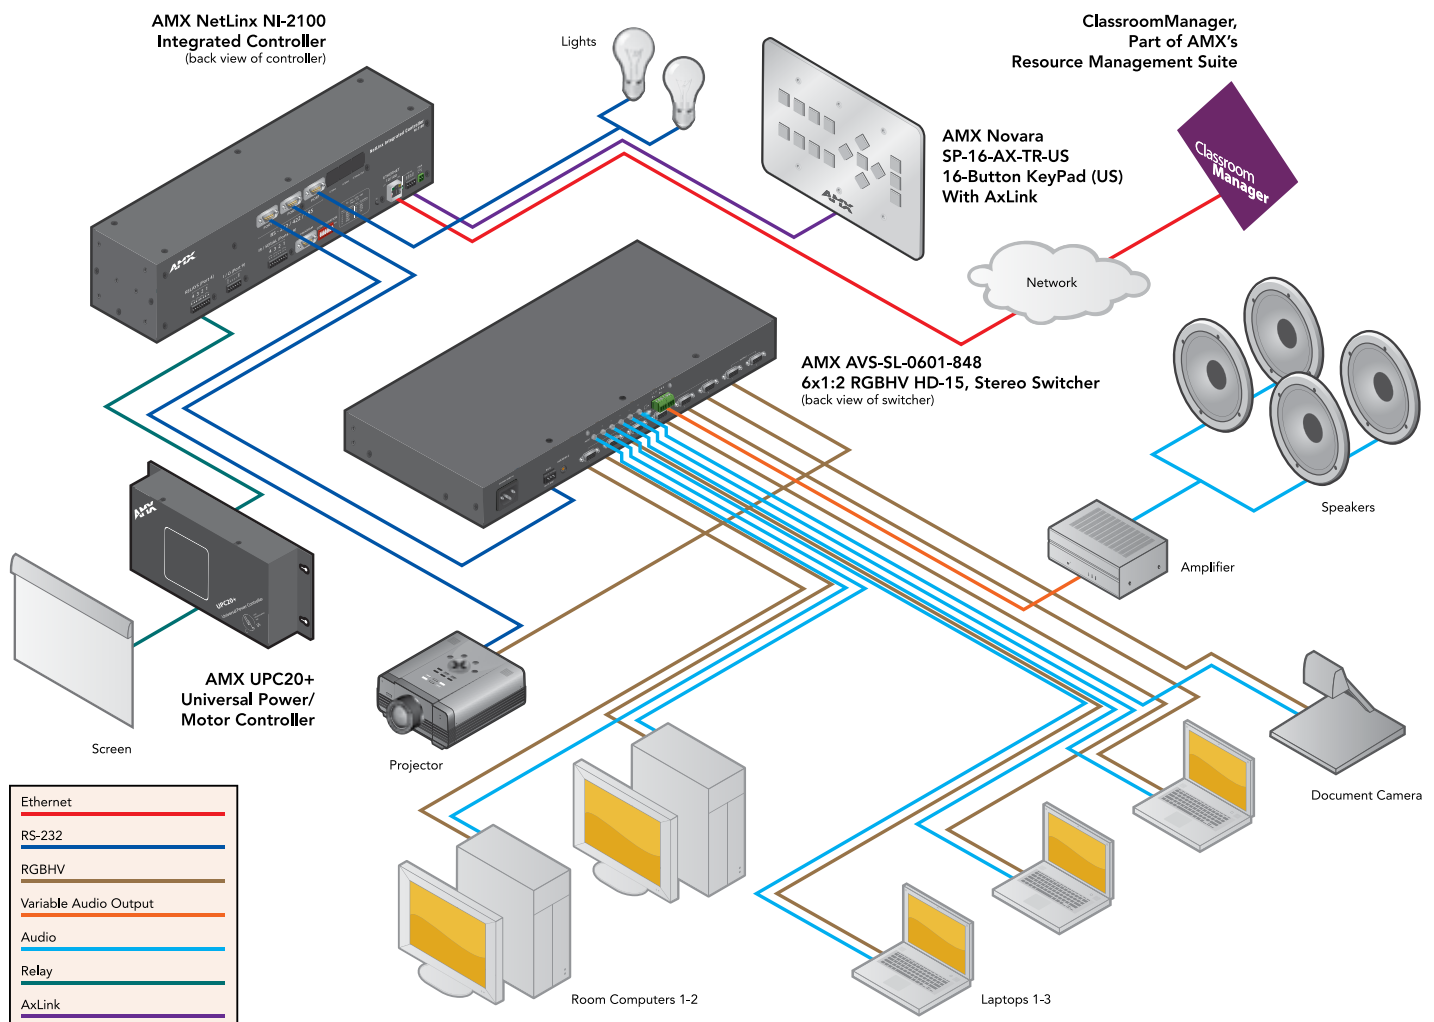

## Setting the Standard for Cost Effective Control

The AMX ControlPads combine a user interface and device control into a single, simple to install, flush mount enclosure. They include the right mix of ease of use, configuring simplicity and cost effectiveness. Novara ControlPads are designed to control presentation devices such as projectors, projection screens, video displays and other audio visual equipment as well as a variety of serial or IR-controllable devices like lighting and window treatments. The simplicity of the Novara configuration software significantly reduces installation time to minutes. They are ideal for education, training and other cost sensitive markets that need functional, reliable device and room control.

### SYSTEM DIAGRAM

When it comes to cost effective control of classrooms, AMX ControlPads are ideal. Presentation devices such as DVD players and projectors and room amplifiers are easily controlled using

integrated IR and serial ports. When a button is pressed a combined action or macro will be sent to the connected devices to trigger an event.

**ControlPad Button Labels**  
Each ControlPad ships with the 50 most popular button labels ready to insert into your exact location.

## Whatever the Function, Novara Has the Button

|  | Brushed Aluminum | CP-1008-US-BA | (FG1301-08-SA) |

### OVERVIEW

Novara CP-1008-US ControlPads feature an 8-button layout and fit standard single-gang US back box sizes. Novara 1000 Series ControlPads offer simplified device control with just the right mix of ease of use, programming simplicity, and cost effectiveness. Novara ControlPads combine a user interface with device control in one, simple-to-install flush-mount keypad. The CP-1008-US is available in White, Black and Brushed Aluminum.

### COMMON APPLICATION

Ideal for classrooms, auditoriums, government facilities and other applications requiring simplified and cost-effective device control.

### FEATURES

- 8-button panel layout
- Blue, backlit buttons with programmable feedback
- Includes acetate sheet with 50 pre-cut button label inserts for easy, cost effective labeling
- 1315 events per panel
- Black, White, or Brushed Aluminum mounting plates

### SPECIFICATIONS

#### DIMENSIONS (HWD)

4 11/16" x 2 15/16" x 1 1/16" (11.9 cm x 7.4 cm x 2.62 cm)

#### BUTTON LAYOUT

- 8 buttons
- Blue, backlit buttons with programmable feedback

#### MAX NUMBER OF EVENTS PER CONTROLPAD

1315

#### BACK BOX

Fits standard single-gang US back box sizes

#### REAR PANEL CONNECTORS

- 2 relay ports for relay control
- 1 RS-232 port
- 1 IR port
- 1 Input detection port
- 1 USB device configuration port

#### SUPPORTED BAUD RATES

1200 - 115200

#### COLORS AVAILABLE

Black, White, or Brushed Aluminum mounting plates

#### INCLUDED ACCESSORIES

- Acetate sheet with 50 pre-cut button label inserts
- External Power Supply

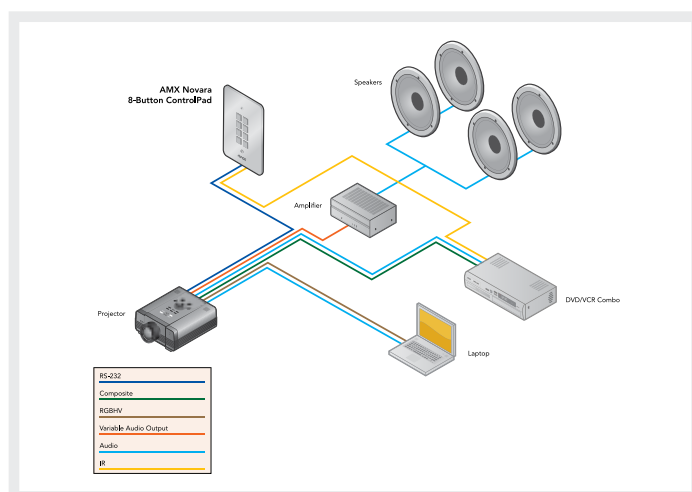

### TRAINING AVAILABLE

For important installation, configuration and programming techniques, AMX University training is available. Just visit [www.amx.com/training](http://www.amx.com/training)

| Brushed Aluminum | CP-1008-EU-BA | (FG1301-08-EA) |

### OVERVIEW

Novara CP-1008-EU ControlPads feature an 8-button layout and fit standard twin-gang European back box sizes. Novara 1000 Series ControlPads offer simplified device control with just the right mix of ease of use, programming simplicity and cost effectiveness. Novara ControlPads combine a user interface with device control in one, simple-to-install flush-mount keypad. The CP-1008-EU is available in White, Black, and Brushed Aluminum.

### COMMON APPLICATION

Ideal for classrooms, auditoriums, government facilities and other applications requiring simplified and cost-effective device control.

### FEATURES

- 8-button panel layout
- Blue, backlit buttons with programmable feedback
- Includes acetate sheet with 50 pre-cut button label inserts for easy, cost effective labeling
- 1315 events per panel
- Black, White, or Brushed Aluminum mounting plates

### SPECIFICATIONS

#### DIMENSIONS (HWD)

3 1/8" x 6" x 1 1/16" (8 cm x 15.2 cm x 2.62 cm)

#### BUTTON LAYOUT

- 8 buttons
- Blue, backlit buttons with programmable feedback

#### MAX NUMBER OF EVENTS PER CONTROLPAD

1315

#### BACK BOX

Fits standard twin-gang European back box sizes

#### REAR PANEL CONNECTORS

- 2 relay ports for relay control
- 1 RS-232 port
- 1 IR port
- 1 Input detection port
- 1 USB device configuration port

#### SUPPORTED BAUD RATES

1200 - 115200

#### COLORS AVAILABLE

Black, White, or Brushed Aluminum mounting plates

#### INCLUDED ACCESSORIES

|  | Brushed Aluminum | SP-08-AX-US-BA | (FG1311-08-SA) |

### OVERVIEW

Novara SP-08-AX-US AxLink Series KeyPads feature an 8-button layout, integrated AxLink interface and fit standard 1-gang US back box sizes. These KeyPads are extremely versatile in that they can be used as support devices to extend control of Novara ControlPads as satellite KeyPads or they can be used to directly interface with NetLink Controllers. For added convenience, your AxLink connection also powers your Keypad, thus reducing the need for an external power supply.

### COMMON APPLICATION

A good choice for expanding control in schools, government and other applications requiring cost-effective control without having to re-train users that are already familiar with the look and operation of Novara ControlPads.

### FEATURES

- 8-button panel layout
- 4-pin AxLink connector and Status LED
- Blue, backlit buttons with controllable feedback
- Includes acetate sheet with 50 pre-cut button label inserts for easy, cost effective labeling
- One bi-directional RS-232 port, with accompanying loop through port
- Only compatible with AMX NetLink masters

# CP-3006

## 6-Button ControlPad (US, UK and Europe)

|   |                  |            |               |
|---|------------------|------------|---------------|
|  | White            | CP-3006-WH | (FG1302-06-W) |
|  | Black            | CP-3006-BL | (FG1302-06-B) |
|  | Brushed Aluminum | CP-3006-BA | (FG1302-06-A) |

### OVERVIEW

The Novara CP-3006 ControlPad with built-in Ethernet port combines a controller with an easy to use 6-button keypad that mounts into a standard 1 gang US, UK, or EU back box. Setting up the Novara 3000 Series ControlPads is simple using Novara Device Configuration Software (DCS) and requires no programming. The Novara ControlPads built-in IR and RS-232 ports can be configured to control volume, input selection and power for a wide range of AV devices including projectors, DVD players and switchers. Easily connect to AMX's Resource Management Suite® which enables web-based remote diagnostics and management through the built-in Ethernet Port. The Novara 3000 Series ControlPads are available in Black, White and Aluminum finishes.

### COMMON APPLICATION

Use as a standalone user interface/controller for simple conference rooms/classrooms or combine with an Enova AVX-400 for more complex rooms with switching as well as amplification requirements.

### FEATURES

- **All-in-one Keypad/Controller** – Unique product is a standalone user interface combined with an onboard controller
- **RMS Compatible** – Remotely monitor, manage and control every room on the network
- **Built in Ethernet Port** – Allows the Novara ControlPad to be communicate with RMS
- **Network Configurable** – Configure/update an entire campus/facility simultaneously
- **Device Configuration Software (DCS)** – No programming required for system setup
- **Works with AMX IR Files** – Leverage thousands of pre-existing AMX IR files on AMX.com
- **ZeroConfig** – Automatically detect devices on the network for simplified commissioning

- **Built In Control Ports** – Serial and IR ports available to communicate and control common presentation equipment
- **Security Lockout** – Locks out the device to prevent unauthorized use
- **Standard Enclosures** – Standard Back Box Mounting Options for US, UK, and EU

#### BULLSEYE TARGET PRODUCT

This is a Target Product as defined in the U.S. BullsEye Partnership Program. Participating AMX Dealers can be rewarded for purchasing Target Products as a % of their total annual net revenue.

#### D-TOOLS CERTIFIED PRODUCT

This product can be found in the D-Tools manufacturer product database and specified as a third party device when building and proposing a system using D-Tools System Integrator software.

#### COUNTRY OF ORIGIN: MEXICO

To satisfy the requirements/regulations of existing or future government programs, this two-letter code is being provided to designate the country of origin for this product.

## SPECIFICATIONS

### DIMENSIONS (HWD)

- 4 11/16" x 3 1/2" x 1 7/16" (11.9 cm x 8.8 cm x 3.7 cm)
- Mount onto standard 1 gang US, UK, or EU back boxes

### POWER

- 12 VDC
- Using a non-PoE power supply operates on voltages ranging from 9 V to 16 V continuously

### BUTTON LAYOUT

6 blue backlit buttons with programmable feedback

### REAR PANEL CONNECTORS

- Power - 1 2-pin Phoenix connector accepting 12 VDC power
- Serial - 1 3-pin Phoenix connector for RS-232 connections
  - Input voltage:  $V_{IH} > +2.7$  VDC,  $V_{IL} < -2.7$  VDC
  - Output voltage:  $V_{OH} > +5.0$  VDC @ 35 mA maximum,  $V_{OL} < -5.0$  VDC @ 35 mA maximum
- IR - 1 2-pin Phoenix connector for IR emitters. Supports generating carriers up to 1.142 MHz. Output only port. Output voltage:  $V_{OH} = +3.3$  VDC  $\pm 0.3$  VDC @ 13 mA maximum,  $V_{OL} = 0$  VDC  $\pm 0.3$  VDC @ 13 mA maximum
- Ethernet - 1 RJ-45 connector for LAN connectivity
- Reset - 1 pinhole pushbutton for factory reset

### SUPPORTED BAUD RATES

Up to 115200

### COLORS

Aluminum: FG1302-06-A, Black: FG1302-06-B, White: FG1302-06-W

### ENVIRONMENTAL

- Storage temperature range: 14° to 140° F (-10° to 60° C)
- Operating temperature range: 32° to 104° F (0° to 40° C)
- Relative humidity: 5% to 85%, non-condensing

### CERTIFICATIONS

FCC Class B, CE, UL, CB Scheme

### INCLUDED ACCESSORIES

- Power Supply, 90-240 VACIN, 12 VOUT, 500 MA (24-5791-SA)
- Pre-printed labels (40-0087)

### FEATURES

- **All-in-one Keypad/Controller** – Unique product is a standalone user interface combined with an onboard controller
- **RMS Compatible** – Remotely monitor, manage and control every room on the network
- **Built in Ethernet Port** – Allows the Novara ControlPad to be communicate with RMS
- **Rotary Volume Knob With LED feedback** – Easily adjust the volume up/down
- **Network Configurable** – Configure/update an entire campus/facility simultaneously
- **Device Configuration Software (DCS)** – No programming required for system setup
- **Works with AMX IR Files** – Leverage thousands of pre-existing AMX IR files on AMX.com

- **ZeroConfig** – Automatically detect devices on the network for simplified commissioning
- **Built In Control Ports** – Serial and IR ports available to communicate and control common presentation equipment
- **Security Lockout** – Locks out the device to prevent unauthorized use
- **Standard Enclosures** – Standard Back Box Mounting Options for US, UK, and EU

#### BULLSEYE TARGET PRODUCT

This is a Target Product as defined in the U.S. BullsEye Partnership Program. Participating AMX Dealers can be rewarded for purchasing Target Products as a % of their total annual net revenue.

#### WATCH THE VIDEO

See the Novara 3000 Series in action, live from InfoComm 2010, by watching the video profile online at:  
[www.amx.com/assets/videos/Novara.3000.Series.mp4](http://www.amx.com/assets/videos/Novara.3000.Series.mp4).

#### TRAINING AVAILABLE

For important installation, configuration and programming techniques, AMX University training is available. Just visit [www.amx.com/training](http://www.amx.com/training)

#### D-TOOLS CERTIFIED PRODUCT

This product can be found in the D-Tools manufacturer product database and specified as a third party device when building and proposing a system using D-Tools System Integrator software.

#### COUNTRY OF ORIGIN: MEXICO

To satisfy the requirements/regulations of existing or future government programs, this two-letter code is being provided to designate the country of origin for this product.

## SPECIFICATIONS

### DIMENSIONS (HWD)

- 4 11/16" x 6" x 1 3/4" (11.9 cm x 15.2 cm x 4.5 cm)
- Mount onto standard 2 gang US, UK, or EU back boxes

### WEIGHT

14.4 oz (392 g)

### POWER

- 12 VDC
- Using a non-PoE power supply operates on voltages ranging from 9 V to 16 V continuously

### BUTTON LAYOUT

- 8 red, green, and blue backlit buttons with programmable feedback
- Pressable volume knob
- Volume indicator

### REAR PANEL CONNECTORS

- Power - 1 2-pin Phoenix connector accepting 12 VDC power
- Serial - 2 3-pin Phoenix connectors for RS-232 connections
  - Input voltage:  $V_{IH} > +2.7$  VDC,  $V_{IL} < -2.7$  VDC
  - Output voltage:  $V_{OH} > +5.0$  VDC @ 35 mA maximum,  $V_{OL} < -5.0$  VDC @ 35 mA maximum
- IR - 2 2-pin Phoenix connector for IR emitters. Supports generating carriers up to 1.142 MHz. Output only port. Output voltage:  $V_{OH} = +3.3$  VDC  $\pm 0.3$  VDC @ 13 mA maximum,  $V_{OL} = 0$  VDC  $\pm 0.3$  VDC @ 13 mA maximum

- I/O - 1 4-pin Phoenix connector for I/O connections. Supports sensing contact closure.
  - Input voltage: HIGH (no contact closure):  $V_{IH} > 2.5$  VDC, LOW (contact closure):  $V_{IL} < 0.8$  VDC
  - Output voltage:  $V_{OH} = +3.3$  VDC  $\pm 0.3$  VDC (internal 25k Ohm pull-up resistor),  $V_{OL} = 0$  VDC  $\pm 0.3$  VDC (200 mA maximum sink current)
- Relay - 1 4-pin Phoenix connector for relay connections capable of switching 24 VDC @ 1A maximum or 28 VAC @ 1 A maximum
- LAN - 1 RJ-45 connector for LAN connectivity
- Reset - 1 pinhole pushbutton for factory reset

### SUPPORTED BAUD RATES

Up to 115200

### COLORS

Aluminum: FG1302-08-A, Black: FG1302-08-B, White: FG1302-08-W

### ENVIRONMENTAL

- Storage temperature range: 14° to 140° F (-10° to 60° C)
- Operating temperature range: 32° to 104° F (0° to 40° C)
- Relative humidity: 5% to 85%, non-condensing

### CERTIFICATIONS

FCC Class B, CE, UL, CB Scheme

### INCLUDED ACCESSORIES

- Power Supply, 90-240 VACIN, 12 VOUT, 500 MA (24-5791-SA)
- Pre-printed labels (40-0087)
- Fixture, Knob Spacing, ControlPad (AF1302-01)

|  | Brushed Aluminum | CP-3017-NA-BA | (FG1302-17-2-A) |

### OVERVIEW

The Novara CP-3017-NA ControlPad with built-in Ethernet port combines a controller with an easy to use 17-button keypad, navigation pad and rotary volume control that mounts into a standard 2 gang US, UK, or EU back box. Setting up the Novara 3000 Series ControlPads is simple using Novara Device Configuration Software (DCS) and requires no programming. The Novara ControlPads built-in IR, RS-232, relay and I/O ports can be configured to control volume, input selection and power for a wide range of AV devices including projectors, DVD players and switchers. Easily connect to AMX's Resource Management Suite® which enables web-based remote diagnostics and management through the built-in Ethernet Port. The Novara 3000 Series ControlPads are available in Black, White and Aluminum finishes.

### COMMON APPLICATION

Use as a standalone user interface/controller for simple conference rooms/classrooms or combine with an Enova AVX-400 for more complex rooms with switching as well as amplification requirements.
