# DISTRIBUTED AUDIO

# THE BEST-LOOKING SOUND ON THE MARKET

## Stand Alone and Fully Integrated Audio Solutions

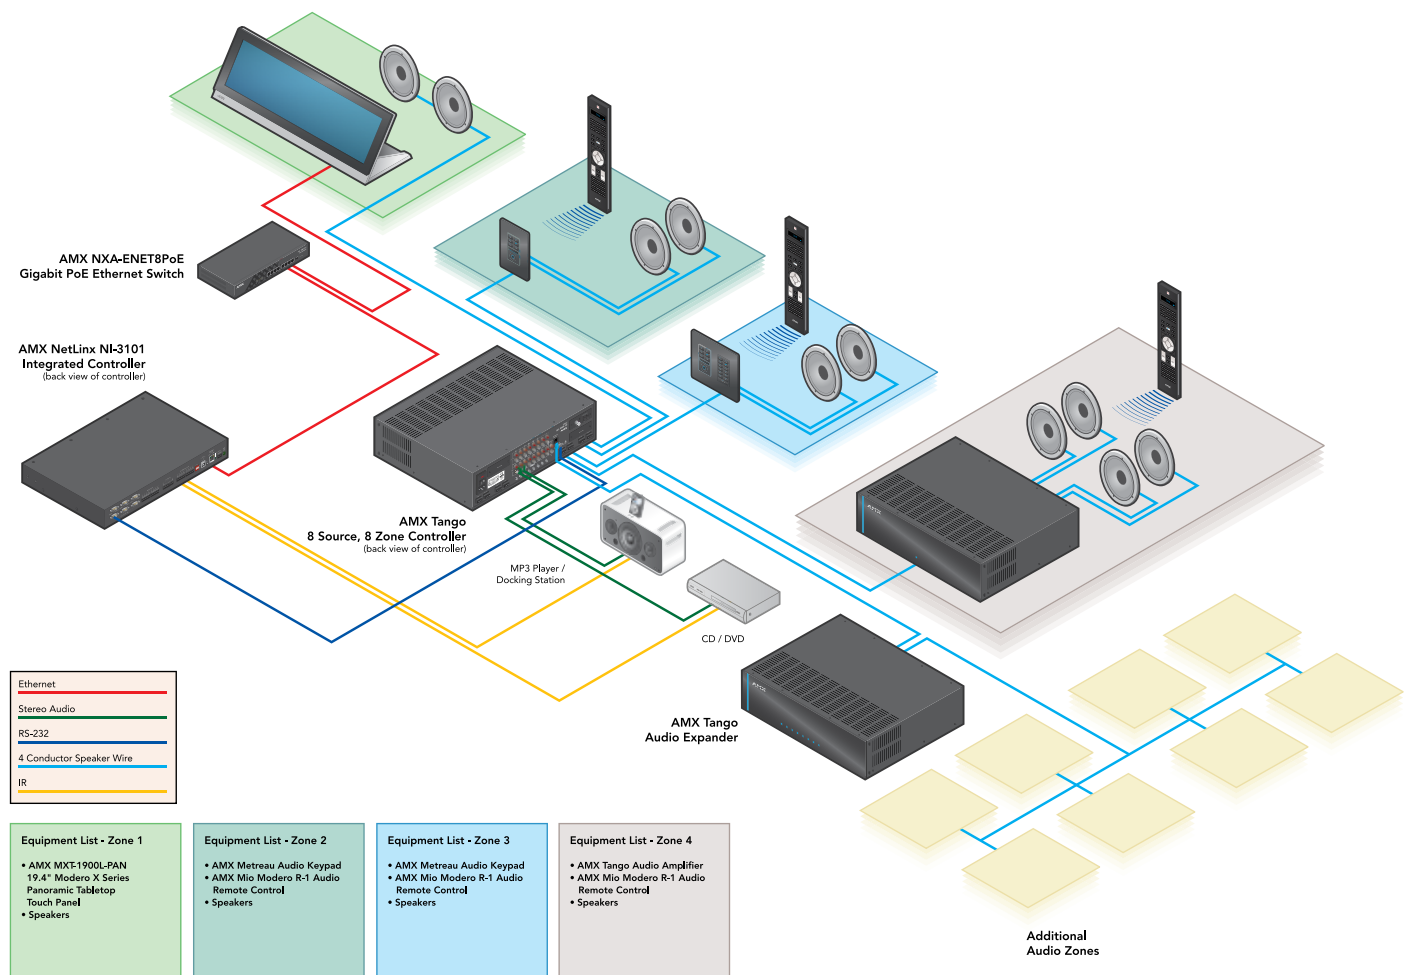

AMX has a broad range of products to provide quality sound and flexible control throughout a home or office. This includes multizone solutions designed for new construction or retrofit. In retrofit projects - Speaker Wire Technology allows customers to upgrade from control of just volume, to full control at a very low cost. This innovative solution uses existing installed speaker wire for transport, source selection and more - via a keypad or remote control.

Distributed audio solutions can be integrated into broader AMX controlled installations or they can stand by themselves. The product line includes audio controllers, amplifiers, AM/FM/Satellite tuners, zone expanders, wall and ceiling speakers, remote controls, keypads, LCD touch pads, and more.

### SYSTEM DIAGRAM

The Tango Audio Controller integrates all of your audio sources and makes them easily accessible from a single, centrally managed location. The DAS-T0808-SIG controls up to 8 sources and distributes audio to 8 rooms or zones. Control sources using

the Mio R-1 Audio Remote Control and Metreau Audio Keypads via RS-232, IP address (using the optional DAS-MNET), or IR (using the DAS-IRRX-SWT and SWT-capable speakers).

#### Audio in the Home PrecisDSP Brochure

Our Precis DSP Distributed Audio Solutions with integrated digital signal processing are specifically designed for the discerning audio connoisseur with a considerable number of audio sources.

#### Audio in the Home Tango Brochure

Welcome to Tango, the fully compatible distributed audio solution that delivers beautifully vibrant sound to every room of your home with style and convenience.

# Precis DSP Fixed Matrix Switchers

Stereo Audio with RCA Digital Volume Control and Digital Signal Processing

AVS-PL-0808-00P	8x8 (1 RU)	(FGP37-0808-00P)
AVS-PL-1818-00P	18x18 (2 RU)	(FGP37-1818-00P)

## OVERVIEW

The Precis DSP provides the ultimate solution for distributed audio by combining the functionality of a matrix switcher with the signal processing of an external equalization device. With robust features like a 10-band graphic equalizer, input gain, volume, tone, and balance control, the Precis DSP provides for exact customization of each output to support the attributes of the room or zone. The easy-to-use AutoPatch GraphicEQ setup software tool allows installers to manage all of the audio adjustments for the Precis DSP including adjusting the input gain to eliminate noticeable differences in volume as the user switches between various sources. Available in I/O sizes 8x8 or 18x18, the Precis DSP's standard RS-232 control port utilizes AutoPatch's BCS serial control protocol which allows it to be quickly and easily programmed when integrated into a control system.

## COMMON APPLICATION

The Precis DSP is ideal for any residential or small commercial distributed audio installation.

## FEATURES

- 10-band graphic equalizer on each output
- Digital balance, tone and volume control on each output
- Digital input gain control to normalize audio input voltages
- Gold-plated RCA connectors
- Standard RS-232 control port
- Supports AutoPatch's simple BCS serial control protocol
- Optional TCP/IP control via external APWeb module
- Ships with free APControl to provide easy single-user PC control of the matrix switcher
- Ships with free AutoPatch GraphicEQ setup software
- Rack mounting ears included
- Backed by our AMX 3 year warranty

### BULLSEYE TARGET PRODUCT

This is a Target Product as defined in the U.S. BullsEye Partnership Program. Participating AMX Dealers can be rewarded for purchasing Target Products as a % of their total annual net revenue.

### HELPFUL HINT

Cut or boost frequencies by fine tuning your audio system to suit the physical characteristics of each room or zone. Then, sweeten the sound to suit the listener's taste.

### TRAINING AVAILABLE

For important installation, configuration and programming techniques, AMX University training is available. Just visit [www.amx.com/training](http://www.amx.com/training)

### AWARD WINNER

The Precis DSP was awarded the CEDIA "Manufacturer's Excellence" honoring the five best new products for the residential industry, 2007.

### QUICK SHIP

These industry leading fixed systems are ready to for immediate delivery, most will ship the same day and all shipments are guaranteed to leave our factory within five days after receipt of order.

### DSP

Enhance the beauty of sound in every room with AMX's DSP technology providing integrated 10-band EQ, volume, tone and balance on each output to easily support the acoustical attributes of each individual room / zone.

### D-TOOLS CERTIFIED PRODUCT

This product can be found in the D-Tools manufacturer product database and specified as a third party device when building and proposing a system using D-Tools System Integrator software.

### COUNTRY OF ORIGIN: UNITED STATES

To satisfy the requirements/regulations of existing or future government programs, this two-letter code is being provided to designate the country of origin for this product.

## SPECIFICATIONS

## I/O RANGE

- 8x8
- 18x18

## GENERAL

- AC Power: 100-240 VAC single phase, 50-60 Hz
- Power Consumption (Max): 80 Watts per enclosure
- Power Consumption (Typ): 45 Watts per enclosure, fully loaded enclosure
- BTU/HR (Max): 273
- BTU/HR (Typ): 154, fully loaded enclosure
- Operational Temperature: 32° to 95° F (0° to 35° C)
- Humidity: 0 to 90% non-condensing

## 8X8 DIMENSIONS (HWD) WITH RACK EARS

- 1 11/16" x 19" x 9 3/4"
- 4.3 cm x 48.3 cm x 24.8 cm

## 8X8 DIMENSIONS (HWD) WITHOUT RACK EARS

- 1 11/16" x 17 3/8" x 9 3/4"
- 4.3 cm x 44.2 cm x 24.8 cm
- RU: 1

## 18X18 DIMENSIONS (HWD) WITH RACK EARS

- 3 1/2" x 19" x 9 3/4"
- 8.9 cm x 48.3 cm x 24.8 cm

## 18X18 DIMENSIONS (HWD) WITHOUT RACK EARS

- 3 1/2" x 17 3/8" x 9 3/4"
- 8.9 cm x 44.2 cm x 24.8 cm
- RU: 2

## WEIGHT

- 8x8: Appx. 7 lbs (3.18 kg)
- 18x18: Appx. 10.5 lbs (4.76 kg)

## CERTIFICATIONS

UL, cUL, CE, RoHS / WEEE compliant

## STANDARD AUDIO WITH DIGITAL VOLUME CONTROL

- Input Level (Max): +14 dBu, unbalanced
- Input Impedance: 2 kOhms
- Output Level (Max): +14 dBu, unbalanced
- Output Impedance: <5 Ohms
- Frequency Response: <0 to -0.8 dB (20 Hz to 20 kHz)
- THD + Noise: <0.1% (1 kHz, Vin = -10 to +10 dBu)
- Signal to Noise Ratio: >90 dB (20 Hz to 20 kHz, Vin = +14 dBu)
- Crosstalk: <-115 dB (1 kHz, Vin = +14 dBu)
- Input Gain Adj. Range: +10 dB to -10 dB, via serial commands / GraphicEQ software
- Output Volume Adj. Range: +10 dB to -70 dB (mute), via serial commands / GraphicEQ software
- Coupling: AC Coupled
- Connectors: RCA (Gold-plated RCA connectors)

# DAS-T0808-SIG

## Tango 8-Source, 8-Zone Controller

110 VAC Power (FG1103-02)

220 VAC Power (FG1103-04)

### OVERVIEW

The Tango Audio Controller integrates all of your audio sources and makes them easily accessible from a single, centrally managed location. The DAS-T0808-SIG controls up to 8 sources and distributes audio to 8 rooms or zones. Control sources using the Mio R-1 Audio Control and Metreau Audio Keypads or with a PC using the optional DAS-MNET. Sources such as Satellite Receivers, CD Players, MP3 Players and Media Servers can be connected to the RCA source inputs on the rear panel. Tango's modular design allows it to grow with you to accommodate future technologies via replaceable tuner and interface cards. While it can inherently support 8 sources and 8 zones, up to 7 Tango Zone Expanders can be added to the system to add up to 64 rooms/zones.

### COMMON APPLICATION

A good choice for distributed audio of up to 8 audio sources in dens, kitchens, living rooms, dining areas and around pools in residences, condominiums, restaurants, spas and small offices.

### FEATURES

- Can control 8 sources and distribute to 8 rooms/zones
- Expandable to 64 zones with Tango Zone Expander
- 40 watts per channel of stereo sound delivered to each zone
- Includes AM/FM tuner
- Macro capable / Software adjustable input attenuation/output gain
- RS-232 control port and RJ-11 expansion ports
- Dedicated IR outputs, 8 audio inputs/outputs (buffered)
- 110 VAC (Included with FG1103-02) or 220 VAC (Included with FG1103-04) power supply

#### BULLSEYE TARGET PRODUCT

This is a Target Product as defined in the U.S. BullsEye Partnership Program. Participating AMX Dealers can be rewarded for purchasing Target Products as a % of their total annual net revenue.

#### QUICK TIP

Pair the Tango Audio Controller with the complementarily-styled NI-3101-SIG Signature Series NetLinx Integrated Controller to provide control of lighting, thermostats, pool/spa, window treatments, and other audio/video technologies.

#### TRAINING AVAILABLE

For important installation, configuration and programming techniques, AMX University training is available. Just visit [www.amx.com/training](http://www.amx.com/training)

#### D-TOOLS CERTIFIED PRODUCT

This product can be found in the D-Tools manufacturer product database and specified as a third party device when building and proposing a system using D-Tools System Integrator software.

#### COUNTRY OF ORIGIN: UNITED STATES

To satisfy the requirements/regulations of existing or future government programs, this two-letter code is being provided to designate the country of origin for this product.

## A CLOSER LOOK

## SPECIFICATIONS

## DIMENSIONS (HWD)

- 4" x 17" x 13 1/2" (10.2 cm x 43.2 cm x 34.3 cm)
- RU: 2

## WEIGHT

31 lbs (14.1 kg)

## POWER

- Average usage: 300 W
- Maximum: 960 W

## ZONE SUPPORT

- Eight independent audio zones
- Each zone is protected thermally
- Zone grouping
- Independent volume, bass, treble, balance and SRS controls in each zone

## STEREO AMPLIFIERS

- 40 W per channel stereo amplifiers (20 Hz to 20 KHz @ .1% THD)
- Amplifiers are protected from overload and thermal runaway

## FRONT PANEL COMPONENTS

- Light Bar: Blue light bar indicates power status
- LEDs: Blue LEDs indicate level status
- Function/Navigation Buttons: 5 pushbuttons allow for front panel programming, selection of sources, tuning AM/FM radio stations, or Sirius satellite radio stations (when equipped with the optional Sirius and/or AM/FM Tuner Card)
- IR Receiver: This is where you must aim the remotes from your audio source components so the controller can learn and emulate those commands
- LCD Display: Displays information necessary during the programming steps as well as information about the source input and zone activity

## REAR PANEL COMPONENTS

- Power Switch/Receptacle: Master power switch remains in the ON position normally
- Paging In/Out Ports: RCA jacks to connect to paging devices (any audio input can be used as a paging device). The Paging device connects to the Controller via the "Paging In" connector. The "Paging Out" connector is used to carry the page to Zone Expander(s).
- RJ-45: Port for PC control
- RS-232 Port: DB9 connector allows the Tango Audio Controller to receive controller command messages and provide status messages. This port is intended primarily for troubleshooting or connection to a NetLinx Controller .
- AM/FM Antenna Inputs: Connections for the AM and FM antennas
- Audio Inputs: stereo inputs, 47K impedance, buffered
- Audio Outputs: stereo looping outputs, buffered
- IR Outputs: Eight IR 3.5 mm mono output jacks
- Zone Outputs: 8 zone output connectors (connect to speakers or Metreau audio keypads)
- Expansion Port: RJ-11 port connects controller with zone expanders

## INCLUDED ACCESSORIES

- IR01 IR Emitter Module (FG-IR01)
- FM Antenna
- Power Cord

## Tango 8-Source, 4-Zone Controller

110 VAC Power (FG1103-01)

220 VAC Power (FG1103-03)

### OVERVIEW

The Tango Audio Controller integrates all of your audio sources and makes them easily accessible from a single, centrally managed location. The DAS-T0804-SIG controls up to 8 sources and distributes audio to up to 4 rooms or zones. Control sources using the Mio R-1 Audio Control and Metreau Audio Keypads or with a PC using the optional DAS-MNET. Sources such as Satellite Receivers, CD Players, MP3 Players and Media Servers can be connected to the RCA source inputs on the rear panel. Tango's modular design allows it to grow with you to accommodate future technologies via replaceable tuner and interface cards. While it can inherently support 8 sources and 4 zones, up to 7 Tango Zone Expanders can be added to the system to add up to 60 rooms/zones.

### COMMON APPLICATION

Ideal for central control of multiple audio sources in kitchens, patios, bedrooms, bathrooms and living areas in single-family homes, condominium buildings, restaurants, spas and small offices.

### FEATURES

- Can control 8 sources and distribute to 4 rooms/zones
- Expandable to 60 zones with Tango Zone Expander
- 40 watts per channel of stereo sound delivered to each zone
- Includes AM/FM tuner
- Macro capable / Software adjustable input attenuation/output gain
- RS-232 control port and RJ-11 expansion ports
- Dedicated IR outputs, 8 audio inputs/outputs (buffered)

## Tango 8-Zone Expander

110 VAC Power (FG1103-12)

220 VAC Power (FG1103-14)

### OVERVIEW

The Tango Zone Expander is used in conjunction with the Tango Audio Controller when additional audio zones are needed. Each DAS-T0808X-SIG adds 8 zones, and up to 7 Expanders can be added to each Tango Audio Controller for a total of 64 zones per system. Like the Tango Audio Controller, 40 watts per channel of stereo sound are delivered to each zone. Audio can be retrieved from any one of eight sources connected to the Tango Audio Controller.

### COMMON APPLICATION

Expanding the number of distributed audio zones in a system. Commonly found in single-family homes, condominium buildings, restaurants, spas and small offices.

### FEATURES

- Supports 8 sources and 8 zones
- Up to 7 Tango Zone Expanders can be used in each system for support of up to 64 zones
- 40 watts per channel stereo sound to each zone

#### BULLSEYE TARGET PRODUCT

This is a Target Product as defined in the U.S. BullsEye Partnership Program. Participating AMX Dealers can be rewarded for purchasing Target Products as a % of their total annual net revenue.

## Tango 8-Channel Amplifier

110 VAC Power (FG1103-22)

220 VAC Power (FG1103-24)

### OVERVIEW

Where more than one pair of speakers is required in a zone, the Tango 8-channel Amplifier provides the extra power needed to drive up to 4 additional speaker pairs. The DAS-TAMP8-SIG is an 8-channel amp that supports the addition of 4 speaker pairs in one zone. Add up to 3 Tango amplifiers per zone to gain up to 12 additional speaker pairs.

### COMMON APPLICATION

Use Tango Amplifiers in backyards, large rooms or other zones where up to 4 additional speaker pairs (8 additional speakers) are needed.

### FEATURES

- High-quality sound - delivers 60 watts of high-quality sound per channel
- Includes an 8-channel amp that supports 4 speakers pairs
- Expandable configuration - stack up to three Tango Amplifiers units per zone to gain up to 12 additional speaker pairs (24 channels)
- Easy installation - speaker wire technology makes installation simple using four-conductor speaker wire

#### BULLSEYE TARGET PRODUCT

This is a Target Product as defined in the U.S. BullsEye Partnership Program. Participating AMX Dealers can be rewarded for purchasing Target Products as a % of their total annual net revenue.

- RU: 2

#### WEIGHT

25.8 lbs (11.7 kg)

#### POWER

- Average usage: 250 W
- Maximum: 750 W
- High current Torroidal power supply

#### STEREO OUTPUT

- Dual mono amplifier stage design
- 60 W per channel (1 KHz continuous .006% @ 8 Ohms THD+N)
- Each Tango amplifier is capable of providing 480 W @ 8 Ohms

#### CONFIGURATION

- Modular Design - configurable in single pairs up to 4 stereo pairs (8 channels)
- Stackable up to 3 Tango Amplifiers or 12 stereo pairs (24 channels)

#### CONTROL OPTIONS

- Metreau Audio Keypads
- C-Series or W-Series speakers using SWT

#### FRONT PANEL COMPONENTS

- Light Bar: Blue light bar indicates power status
- LEDs: Blue LED lights when active

#### REAL PANEL COMPONENTS

- Power Switch/Receptacle: Master power switch remains in the ON position normally
- Output 1-4: SWT connectors provide direct connection to speakers
- From Controller: SWT input port (connects to Tango Audio Controller)
- To Keypad: SWT output port (connects to Metreau keypad or interface)

## Tango 4-Channel Amplifier

110 VAC Power (FG1103-21)

220 VAC Power (FG1103-23)

### OVERVIEW

Where more than one pair of speakers is required in a zone, the Tango 4-channel Amplifier provides the extra power needed to drive up to 2 additional speaker pairs. The DAS-TAMP4-SIG is a 4-channel amp that supports the addition of 2 speaker pairs in one zone. Add up to 3 Tango amplifiers per zone to gain up to 6 additional speaker pairs.

### COMMON APPLICATION

Use Tango Amplifiers in backyards, large rooms or other zones where where up to 2 additional speaker pairs (4 additional speakers) are needed.

### FEATURES

- High-quality sound - delivers 60 watts of high-quality sound per channel
- Includes an 4-channel amp that supports 2 speakers pairs
- Expandable configuration - stack up to three Tango Amplifiers units per zone to gain up to 6 additional speaker pairs (12 channels)

- RU: 2

#### WEIGHT

25.8 lbs (11.7 kg)

#### POWER

- Average usage: 125 W
- Maximum: 375 W
- High current Torroidal power supply

#### STEREO OUTPUT

- Dual mono amplifier stage design
- 60 W per channel (1 KHz continuous .006% @ 8 Ohms THD+N)
- Each Tango amplifier is capable of providing 240 W @ 8 Ohms

#### CONFIGURATION

- Modular Design - configurable in single pairs up to 4 stereo pairs (8 channels)
- Stackable up to 3 Tango Amplifiers or 12 stereo pairs (24 channels)

#### CONTROL OPTIONS

- Metreau Audio Keypads
- C-Series or W-Series speakers using SWT

#### FRONT PANEL COMPONENTS

- Light Bar: Blue light bar indicates power status
- LEDs: Blue LED lights when active

#### REAR PANEL COMPONENTS

- Power Switch/Receptacle: Master power switch remains in the ON position normally
- Output 1-4: SWT connectors provide direct connection to speakers
- From Controller: SWT input port (connects to Tango Audio Controller)
- To Keypad: SWT output port (connects to Metreau keypad or interface)

## Tango Distributed Audio Remote Control

(FG147-04)

### OVERVIEW

The MIO-R1-AUDIO remote offers custom control features in an elegant handheld device for IR control of your Tango Distributed Audio System. The MIO-R1-AUDIO remote includes buttons for up to 8 sources, including TUNER, SAT, CD, AUX, MP3, DVD, SRC7 and SRC8, as well as volume and navigation controls.

### COMMON APPLICATION

Designed for use with the Tango Distributed Audio system and Metreau Audio Keypads.

### FEATURES

- Allows for setting and recalling of Source Presets
- Allows for setting and recalling of Source Favorites
- Zone Grouping
- Keypad Lockout
- Operates keypad from remote control by pointing remote at the local keypad and pushing the appropriate buttons

#### TRAINING AVAILABLE

For important installation, configuration and programming techniques, AMX University training is available. Just visit [www.amx.com/training](http://www.amx.com/training)

### SPECIFICATIONS

#### DIMENSIONS (HWD)

9 1/2" x 2" x 3/4" (24.1 cm x 5.1 cm x 1.9 cm)

#### WEIGHT

- 7.2 oz (20 g) without batteries
- 8.8 oz (25 g) with batteries

#### POWER

4 AAA Alkaline Batteries (5 hours battery life)

#### LCD DISPLAY

- Animated IR Transmission Icon
- Battery Indicator Icon

#### TRANSMISSION FREQUENCIES

- IR 38 KHz (Note: Remote must be set to 38 KHz when used with Metreau Keypads)
- IR 455 KHz

#### TRANSMISSION RANGE (DISTANCE) WITH MIO IR RECEIVER

- 100 feet at 38 KHz
- 50 feet at 455 KHz

#### TRANSMISSION RANGE (ANGLE)

- 140° ( $\pm 70^\circ$  from perpendicular) horizontally from an axis extending from the end of the remote
- 40° ( $\pm 20^\circ$  from perpendicular) vertically from an axis extending from the end of the remote

#### TOP COMPONENTS

- LED - blue backlit buttons indicate device is awake
- Display (OLED) - 128 x 32 pixels, active area is 29.42 mm x 7.98 mm
- Pushbuttons - the power button is red backlit; the rest are blue backlit buttons. 45 buttons; 9 custom buttons (3 macro and 6 device)

#### BACKLIGHTING SYSTEM ACTIVATION

- Tilt Switch
- Push Button

#### REAR

- Programming Port - 2.5 mm stereo female conductor jack
- Battery Door

#### ENVIRONMENTAL

- Operating Temperature: 0° to 50° C (32° to 122° F)
- Storage Temperature: -10° to 70° C (14° to 158° F)

# DAS-AMFM

## AM/FM Tuner Module

(FG1110-01)

### OVERVIEW

Add AM/FM Radio functionality to your Tango system with the DAS-AMFM AM/FM Tuner Module. Up to 2 DAS-AMFMs can be added to each controller. Each tuner uses one source input on the audio controller.

### COMMON APPLICATION

Great for homes, condominium buildings, retail environments and restaurants that require AM/FM radio that can be heard and controlled in multiple zones simultaneously.

### FEATURES

- Up to 2 tuners can be added to each controller
- Integrates into Tango Controller with no additional rack space

**NOTE:** Each controller supports up to two total tuners in any combination of DAS-SIRIUS or DAS-AMFM Modules.

#### BULLSEYE TARGET PRODUCT

This is a Target Product as defined in the U.S. BullsEye Partnership Program. Participating AMX Dealers can be rewarded for purchasing Target Products as a % of their total annual net revenue.

#### TRAINING AVAILABLE

For important installation, configuration and programming techniques, AMX University training is available. Just visit [www.amx.com/training](http://www.amx.com/training)

#### D-TOOLS CERTIFIED PRODUCT

This product can be found in the D-Tools manufacturer product database and specified as a third party device when building and proposing a system using D-Tools System Integrator software.

# DAS-MNET

## Network Interface Card

(FG1101-61)

### OVERVIEW

The DAS-MNET connects the Tango controller to an existing wired or wireless network infrastructure to provide IP connectivity and control of the system. When coupled with the software included with the DAS-MNET, users can access and control source- and system-wide features and functionality, as well as receive system status from any networked computer.

### COMMON APPLICATION

Offices, restaurants, condominiums and homes requiring PC Control of the Tango Distributed Audio System.

### FEATURES

- Connects Tango Controller to existing network infrastructure

#### BULLSEYE TARGET PRODUCT

This is a Target Product as defined in the U.S. BullsEye Partnership Program. Participating AMX Dealers can be rewarded for purchasing Target Products as a % of their total annual net revenue.

#### TRAINING AVAILABLE

For important installation, configuration and programming techniques, AMX University training is available. Just visit [www.amx.com/training](http://www.amx.com/training)

#### D-TOOLS CERTIFIED PRODUCT

This product can be found in the D-Tools manufacturer product database and specified as a third party device when building and proposing a system using D-Tools System Integrator software.

## DAS-LLC

### Line Level Converter with Speaker Wire Technology

(FG1110-05)

#### OVERVIEW

The DAS-LLC Line Level Converter allows you to use an external amplifier to power the speakers in a zone, using Speaker Wire Technology (SWT) to the keypad for control.

#### COMMON APPLICATION

Great for offices, restaurants, condominiums and homes requiring additional power using an existing amplifier in a zone.

#### TRAINING AVAILABLE

For important installation, configuration and programming techniques, AMX University training is available. Just visit [www.amx.com/training](http://www.amx.com/training)

## DAS-MRMK

### Mi Series Rack Mount Kit

(FG1101-60)

#### OVERVIEW

The DAS-MRMK Rack Mount Kit converts the 17"-width Tango Audio Controllers, Zone Expanders and Amplifiers to 19" rack-mount size.

#### COMMON APPLICATION

Designed for installation flexibility in offices, restaurants, condominiums and homes where AV devices are rack mounted.

#### TRAINING AVAILABLE

For important installation, configuration and programming techniques, AMX University training is available. Just visit [www.amx.com/training](http://www.amx.com/training)

## DAS-SWTC

### Speaker Wire Terminal Connectors (10)

(FG1110-11)

#### OVERVIEW

Package of 10 speaker wire terminal connectors

#### TRAINING AVAILABLE

For important installation, configuration and programming techniques, AMX University training is available. Just visit [www.amx.com/training](http://www.amx.com/training)

# DAS-MET-6SRC

## Metreau 6-Source Audio Keypad

White	DAS-MET-6SRC-WH	(FG1122-01-WH)
Black	DAS-MET-6SRC-BL	(FG1122-01-BL)
Light Almond	DAS-MET-6SRC-LA	(FG1122-01-LA)

### OVERVIEW

The Metreau 6 Source Audio Keypad features source control, visual volume feedback and a navigation wheel that adjusts volume and provides up, down, left, right and select button options. These keypads are a convenient, versatile, cost-effective option for achieving effortless control of Tango Distributed Audio products.

### COMMON APPLICATION

Ideal for interfacing with Tango Distributed Audio Controllers in bedrooms, meeting rooms, hotels and other applications for control of up to 6 sources.

### FEATURES

- Includes navigation wheel for simplified volume control
- Standard buttons include TUNER, SIRIUS, CD, AUX, MP3, DVD
- Blue LEDs light up when buttons are pressed
- Conveniently matches the NI-3101-SIG Controller

**NOTE:** Keypad wallplates not included. See Recommended Accessories below to order.

#### HELPFUL HINT

Optional pre-printed buttons are available for order for a variety of applications.

#### TRAINING AVAILABLE

For important installation, configuration and programming techniques, AMX University training is available. Just visit [www.amx.com/training](http://www.amx.com/training)

### SPECIFICATIONS

#### DIMENSIONS (HWD)

- Keypad and Mounting Plate: 4" x 1 3/4" x 1" (10.3 cm x 4.5 cm x 2.5 cm)
- Mounts into standard decor-style wall plates

#### WEIGHT

2.4 oz (68.04 g)

#### POWER

12 VDC, 125 mA

#### FRONT PANEL COMPONENTS

- Pushbuttons - 6 tactile pushbuttons with blue LED indicators that illuminate when the source is selected, and stay lit until the source is turned off.
- IR Sensor - Supports standard AMX IR (38 kHz only)
- LED Levels Indicator - set of 7 blue LEDs provide level feedback
- Navigation Wheel - consists of 5 pushbuttons: 4 directional pushbuttons (Up, Down, Right, Left), 1 center pushbutton, and bi-directional rotating wheel

**Note:** The center pushbutton is dual-purpose: a push/release provides one function, while a press/hold provides another.

#### REAR PANEL COMPONENTS

- Wiring connection - Two 4-pin SWT connectors that provide connection from the Matrix Audio Controller, and to the speakers
- DIP switch - 8 position mini dip switch set to zero for SWT mode
- Connector for numeric keypad

#### ENVIRONMENTAL

- Operating Temperature: 32° to 104° F (0° to 40° C)
- Relative Humidity: 5% to 85%, non-condensing
- Intended for indoor use only

#### CERTIFICATIONS

FCC Class B, CE, IEC 60950, RoHS

	Black	DAS-MET-NUM-BL	(FG1122-02-BL)
	Light Almond	DAS-MET-NUM-LA	(FG1122-02-LA)

### OVERVIEW

The Metreau Numeric Audio keypad works in conjunction with the DAS-MET-6SRC to provide direct numeric access control, setting and recalling presets, and access to advanced functionality such as grouping, setting favorites, alarm, and keypad lockout functionality. These keypads are a cost-effective option for control of Matrix and Tango Distributed Audio products.

### COMMON APPLICATION

Ideal for interfacing with Metreau 6-Source Keypads to give additional direct access numeric control in bathrooms, kitchens, classrooms and other areas.

### FEATURES

- Includes direct access numeric buttons preset, group and enter buttons
- Blue LEDs light up when buttons are pressed
- Conveniently matches NI-3101-SIG Controller

**NOTE:** Keypad wallplates not included. See Recommended Accessories below to order.
